Dear Parent,

We are happy to know that our children are staying safe and they are enjoying the wonderful sessions of online classes...! We truly miss our students in the class and hope to see everyone soon.

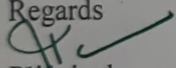

Our teachers have taken great effort to provide our children with the best possible lectures and teaching materials. In order to maximize and reap full benefits of these classes especially for Kindergarten and junior category, we request the support of our dear parents to sit beside the child and guide him or her through the study material, since our students miss the physical presence of their teacher.

If your ward encounter any doubts or clarifications, our teachers will be at your full disposal to extend their support. You may contact the respective teachers through call, text or email.

Hope you all will utilize our teaching materials to the fullest for complete academic benefits.

Happy Learning....!!

Regards

  
Principal
