## PRINCIPAL'S DESK

Education today is not limited to textbooks. The purpose of education is to prepare students for life, not just for clearing grades. From the moment a baby's eyes open, the process of learning starts. To develop a human being as a well-rounded individual, it is essential to look beyond textbooks, and that is what happens at MGM; "**Here, Learning Goes Beyond Books**".

Academics, along with extracurricular activities, play a pivotal role in shaping a student's character and fostering essential life skills. This newsletter exemplifies the essence of balanced education that provides a comprehensive learning experience to our students."
