THE BEST TEACHER TEACHES FROM THE HEART, NOT FROM THE BOOK.

Kindergarten celebrated Teacher's day special assembly. On that our little ones "GURU VANDHANAM" was an auspicious moment, where they show love and respect.

**A GOOD TEACHER IS MORE A GIVING OF RIGHT QUESTIONS THAN
A GIVING OF RIGHT ANSWERS**

Teachers can change lives with the right mix of chalk and challenges. Teachers are called many things: educators, mentors, instructors, and sometimes the accidental mom. No matter what they are called, we can all agree that they truly have a gift of influencing lives both inside and outside of their classroom. Teachers are the awe-inspiring, rock stars of education.

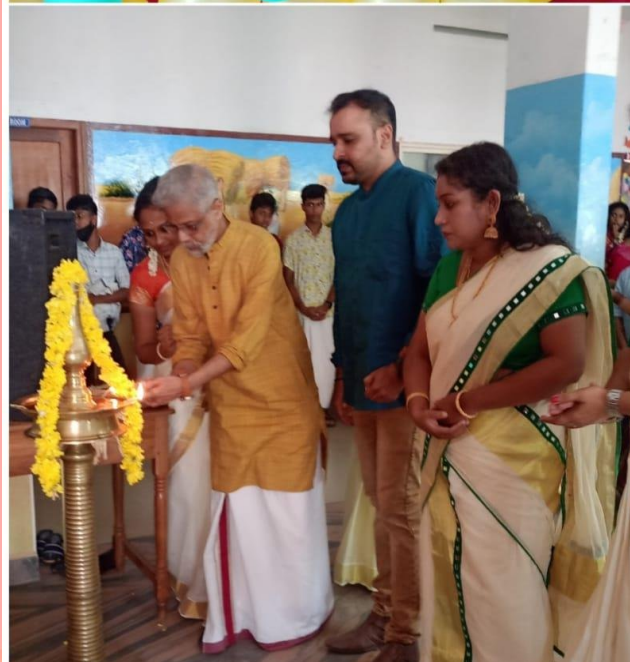

Teachers' Day is a special day to thank and remember the teachers who have shaped us. It is celebrated in India on 5 September every year. It is celebrated to give respect and love to the teachers. 5th September is the birth anniversary of Dr. Sarvepalli Radhakrishnan who was a great teacher and second president of India. They also help us to grow by teaching us the moral values which are more important than studies. So to honour them in the most dignified way MGM School Kaniyapuram celebrated by conducting a special assembly which was addressed by our principal Mrs Raji followed by dance, music and skit that shows the importance of a teacher in one's life .

Grade 10th students got a rare chance to shift their role as a teacher in the life which will remain as an ever green mark in their entire life. Though it was a challenging, their performance was speechless. And yet, no matter what differences these students bring to the table, their uniqueness flows throughout the classroom in such a positive energy that embraces, respects, and promotes learning.

ART IS COLLABORATION BETWEEN GOD AND THE ARTIST

Arts Club of MGM School Kaniyapuram organized a field trip for the students of grade 3 to 8. Students have been taken to Guru Gopinath Natanagramam, Vattiyookavu to provide exposure to different kinds of dance forms, instruments and the power of music.

The Guru Gopinath Natanagramam is a cultural institution functioning under the Department of Culture, Government of Kerala. Pioneering the training and development of the Kerala Natanam style of dancing, promotion of all Indian classical and folk dance forms and setting up of audio visual library and research centre, organizing dance festivals are the other aims of the society. Our students were mesmerized by seeing the national dance museum housing all details of dance forms, classical music, and instrumental music of Kerala, India, and the world. Yet another attraction here is the open-air auditorium and amphitheater. They truly appreciated the opportunity provided, to take a break from their normal routine and experience more hands-on learning. It really creates a visual treat for them.

SCIENCE AND EVERYDAY LIFE CANNOT AND SHOULD NOT BE SEPARATED

We cannot stand out in science... As a part of Science department, the students of grade 1 to 4 visited Priyadarshini Planetarium, Trivandrum. It was one of the most exciting trips that we ever had.

Not only the students but also the teachers were very happy and enthusiastic. We could see the different shows regarding our astronomy. Sometimes the stars and planets touch us like a flower. Manytimes it felt that we are moving through the space in space vehicles. Often students couldn't stop their excitement while they were watching the 3D shows.

FIELD TRIP

We took our little tots of LKG and UKG for a field trip to Chacha Nehru Traffic Park on 16th of September 2022 by 930 am. They learned about traffic signals and enhanced their awareness of traffic safety they also had fun at the park by riding bicycles to navigate the streets and follow traffic rules.

FLOWERS ARE LIKE FRIENDS, THEY BRING COLOUR TO YOUR LIFE

To add more colours to MGMKS, we celebrated Flowers day-FLORES 2022. The cute lil munchkins of KG participated in a floral fashion show competition highlighting fresh flowers. Welcome speech and musical performance added more beauty to today's program.

AN AWARD IS AN APPRECIATION OF THE DEEPEST BELIEFS OF PERSON A ACHIEVEMENT

A proud moment for the MGM School that our students were awarded by Thiruvananthapuram Sahodaya, who passed out from Grade X with flying colours. Shruthi Jose won the 1st position, Riyan S Jan secured the 2nd position and Diya Fathima and Harris Muhammed shared the 3rd position from our school. Let these achievements of today are the stepping stones for the future ones of our students.

WHAT SEPARATES TWO PEOPLE MOST PROFOUNDLY IS A DIFFERENT SENSE AND DEGREE OF CLEANLINESS

Taking a cue from Gandhiji's idea of cleanliness, the Swachh Bharat Mission is multidimensional in its approach and aims to build a 'Clean India' via waste collection, segregation and management, clean water and air, e-waste management, and – universal sanitation coverage through community engagement.

The Clean India mission won't be accomplished without mass participation and community engagement. As we commemorate the birth anniversary of Mahatma Gandhi, Students of MGM SCHOOL KANIYAPURAM comes forward and join the movement to turn Gandhi's vision of cleanliness into a reality. Students from 3 to 8 took turns with different allocated areas in the school campus to accomplish the same. Beyond gates senior students of grade 9 and 10 enhanced community cleanliness in the Lake arena adjacent to the campus proudly abided the mission.
